Registration is FREE

DAY 1 (26 JULY 2024) 830AM-4PM

FEATURED SPEAKERS

Jo Ameye, Director of Business Development for Fluitec Europe.

Over 35 years of experience in the world of condition monitoring and contamination control for industrial lubricants. He is also a Biochemical engineer, STLE CLS, ASTM Fellow. His mission is to combine reliability and sustainability to make the world a better place.

Topic: Advancing your machines to Fill4Life™ systems

Audience: Industry professionals, Reliability Engineers, Rotating Equipment and Plant Personnel, Maintenance Managers, Condition Monitoring Specialists, Operations Managers, Lubrication Engineers, Filtration Specialists and Reliability Experts.

AGENDA:

- Welcome Note
- What is Fill4Life™?
 - The meeting of Performance + Sustainability = unique possibilities
- Regional case studies
- Advancing your machines to Fill4Life™ systems
 - Proactive maintenance & Condition Based Maintenance vs Reactive
 - Oil condition monitoring, incl. RULER, MPC & FluidInspectIR
 - Increasing life of fluids by keeping them pure & clean
 - Solubility enhancers, DECON, DECON HD & ESP
 - Additive rebalancing, DECON AO, DECON AW
 - Fill4Life turbine oil with 10-year guarantee
- Planning & Preparing for oil change / turnarounds / overhaul
- New projects / newbuilds: how to include Fill4Life from Day 0
- Q&A session

Audience: Industry professionals, Reliability Engineers, Rotating Equipment and Plant Personnel, Maintenance Managers, Condition Monitoring Specialists, Operations Managers, Lubrication Engineers, Filtration Specialists and Reliability Experts.

***Fluitec** is a team of diverse and internationally recognized experts with a track record for delivering innovative solutions. Their expertise centers around increasing the reliability and profitability of manufacturing plants, rotating equipment and transportation industries. Fluitec's clean technology solutions also deliver environmental benefits to our customers. Fluitec provides high level, rapid return investments that allow our customers to merge economics with sustainability.*

***Focuslab Ltd** is a regional leader in oil analysis and lubrication training. As an ISO/IEC 17025 accredited laboratory, Focuslab Ltd adheres to the highest standards in the industry. Focuslab Ltd offers an extensive range of tests and is Fluitec's preferred lab for oil analysis, and regional compatibility and simulation testing with our patented Solvancer products for our customers.*
